SHANMUKHA SAGAR THATHA

has successfully completed the online Specialization

AWS Cloud Practitioner Exam Prep

This Certificate is earned after successfully completing a 4-course on various topics in AWS Cloud Practitioner Certification prep. The learner understands the core concepts of cloud computing, foundational AWS principles, and key AWS services. Learner have practical experience with AWS offerings, including compute, storage, and database services, and are familiar with AWS global infrastructure and architectural best practices. Learner have developed skills in evaluating AWS pricing models, identifying cost-saving opportunities, and utilizing AWS pricing tools. This specialization equips the learner with the knowledge and tools to effectively navigate the AWS Cloud environment, preparing them for the AWS Cloud Practitioner certification exam.
